# Announcing the first annual 2019 - 20 "Pre-States" Clinic

*We are excited to announce that this year the State Cup will be replaced with the first annual "pre-states clinic". Due to the changes in the level and division structure in the sport, the format of the state cup has not worked well for division 2 teams. We want to give an equal opportunity for all the gymnasts in the sport.*

*The clinic will have some of the same judges who will be judging at state championships. They will be there to watch routines or skills and give comments. All divisions and compulsory levels are welcome.*
